Date: 09/02/2021

Exercise –I

HTML – **Text, Image, Links, List and Tables**

1) Introduction to HTML and HTML text – **Home.html** (10 marks)
   i) Create a webpage that prints your name in blue with Verdana font in the screen. Provide its title to "Welcome to my page - your registration number"
   ii) Print alphabets from A to F on the screen from smallest to largest, each letter with a different color and different font.
   iii) Display your first name in bold, middle name in italics and last name in underlined font format.
   iv) Print two paragraphs that describes your ambition and hobbies; ambition should be highlighted with yellow color, hobbies should be italicized and bolded.
   v) Write a comment line on your code and make sure it is not displayed in the page
   vi) Print $(a-b)^2=a^2-2ab+b^2$ and $2H_2+O_2=2H_2O$ in the next line
   vii) Write a C program to print your account number and balance (include Rs. Symbol) and display the code in the browser
   viii) Set an image as background of the page
   ix) Apply marquee for your roll number
   x) Insert any image (passport size) at the right side of the screen
   xi) Display 2 paragraph contents using div.
   xii) Create the link at the top on the same page
   xiii) Create mailto link to any email-id
   xiv) Use meter, progress bar and summary tags

2) Design an E-Greeting page which has properly aligned with semantic tags (3 marks)

   Provide link from home page to greeting page and vice versa
